

Dear Store Manager/Owner,

We are big fans of **KRAZY KETCHUP** and would like to request your store to carry it!

I shop at your store often and would love the convenience of buying this healthy, delicious 100% certified organic Ketchup from your establishment.

KRAZY KETCHUP was created by two Pacific Palisades Moms who wanted to make a healthy alternative to America's favorite condiment. **KRAZY KETCHUP** is sugar-free, made with organic agave nectar. It's chock full of good stuff with added organic carrot, sweet potato and squash purees.
